Take note: our first public sale of the year will be on March 29. The 15th Round of Exploratory Blocks will further boost the oil and gas sector in Brazil. 70 blocks will be offered in the maritime sedimentary basins of Ceará, Potiguar, Sergipe-Alagoas, Campos and Santos, and in the Parnaíba and Paraná land basins. The public sale's criterion will be the highest grant (bonus) and the minimum grant will be R\$ 5.7 billion. Learn more at: www.avancarparcerias.gov.br

In February

North-South Railway

National Agency of Land Transportation approved the grant plan and the bid notice drafts and contract of the North-South Railway. The project will go to the TCU.

Avançar Parcerias presents results

In an audience at the Senate Services and Infrastructure Committee, the PPI emphasized the great participation of international investors in the Program's projects.

PPI International Advances

A technical cooperation agreement between PPI and Apex-Brazil was signed to intensify the operation of Avançar Parcerias in the international market and attract more international companies.

Accredited Certification

PPI and Inmetro have started the accreditation process of companies that will certify the infrastructure projects, guaranteeing more quality to the projects from the study phase to the works.
